

Dear Potential NHWC Supporter:

The New Hampshire Water Conference for 2009 is currently being planned by the organizing committee. This conference has provided a state-wide forum for learning and networking about issues related to water resources in New Hampshire. The conference attracts a truly dynamic and diverse audience, including: researchers, legislators, water system operators, land use planners, watershed association representatives, and government officials. You won't want to miss this unique and valuable opportunity to share information about your organization, products or services!

There are three recommended levels of support with associated benefits described below:

- \$250, *Contributor* - Your company's business card will be placed in the NHWC agenda packet distributed to all conference attendees, your company's name will be listed on the refreshments table as a supporter of the NHWC, and you will receive one conference registration.
- \$500, *Exhibitor* - Same as *contributor*, but also includes an exhibit table in a visible area near the refreshments for the duration of the conference.
- \$1000, *Sponsor* - Same as *exhibitor*, but includes a listing in the agenda as a conference sponsor.

This is a unique opportunity for you to contact and provide information to a wide cross section of both public and private sector groups and individuals interested in New Hampshire's water resources. If you are interested in becoming a supporter, please fill out the supporters form. In addition, *space for exhibitors is limited* and will be granted on a first come basis. Please contact Kevin McGuire at 603-535-3250, e-mail kmcguire1@plymouth.edu for more information on exhibiting or sponsoring the conference.

Sincerely,

Kevin McGuire
Conference Chair
