Spring 2010	

*If this enrollment information changes during this academic year, you must provide written documentation of the changes to the Financial Aid Team so your Federal Stafford Loan eligibility can be reviewed and adjusted, if necessary.

Federal guidelines require our office to receive copies/proof of **any other form of financial assistance** that you receive (e.g. private scholarships, other loans, staff tuition benefits, veteran's benefits, vocational rehabilitation, SAU assistance, etc). The College of Graduate Studies will provide our office with information of any PSU Graduate Assistantships, Fellowships or Internships you have received, and adjustments will be made accordingly.

First time PSU Federal Stafford Loan borrowers must complete an **Entrance Loan Counseling** session as required by the Department of Education. This session may be completed online at:
<http://www.mappingyourfuture.org/oslc/>.

Once PSU has electronically certified your Federal Stafford Loan, you will be notified to complete and sign a Master Promissory Note (MPN). The MPN is a legal document confirming your promise to repay the Federal Stafford Loan.

All financial aid information specific to your account is accessible through myPlymouth and Banner Self Service.
