While you are on your vacation, don't forget to have F-U-N, be safe, and enjoy summer on a **BUDGET!**

### Come Visit The PSU Financial Aid Team!

Located on the garden level of the Spear Building, Room 108.

### Key ways to **SAVE** for the upcoming school year!

Have a **summer** job!

Each week take an amount of money out of your pay check to put away for **Fall** and **Spring** Semester!

Whether this is used for F-U-N, travel, or school, it is always great to save!!! You don't want to be caught in spring with \$0 balance in your account!

If you have a problem saving, why not make a deal with yourself! Tell yourself you will only use X amount of money a week for F-U-N and remember to put the rest away in **SAVINGS!**

Avoid deals that look so great you **HAVE** to buy them! Most times they are not as great as advertised!

Carpool with friends! Going to the ocean, beach, or on a hike?

Take one car and fill it up with friends! Gas will be a lot less costly if split up between 5!
