Directions for Midterm: Read the descriptions of performance levels for each criterion carefully. Highlight or underline each statement within the performance level descriptions that best describes the candidate's performance, based on all available evidence. Highlight or underline all available evidence. Review the evaluation with the candidate and set goals for improvement.

Directions for Final: Read the descriptions of performance levels for each criterion carefully. Highlight or underline the overall performance level description that most closely matches the candidate's performance, based on all available evidence.

For example, a candidate must meet **all** of the components of the description under "Target" with substantial evidence in order to warrant that rating for each indicator.

SECTION I: PEDAGOGY			
1. Plans curriculum and instruction based on knowledge of students, subject matter, and curriculum goals. (ED 610.02 b, c, d; INTASC 7, KNOWLEDGE)			
<p>Does not meet Target: In planning curriculum, does not integrate knowledge of students, subject matter, and curriculum goals. In planning instruction, does not integrate knowledge of students, subject matter, and curriculum goals. Knowledge of students, subject matter, and/or curriculum goals is limited.</p>	<p>Approaching Target: In planning curriculum, integrates knowledge of students, subject matter, and curriculum goals to some extent. In planning instruction, integrates knowledge of students, subject matter, and curriculum goals to some extent. Demonstrates good general knowledge of students, subject matter, and/or curriculum goals.</p>	<p>Target: In planning curriculum, consistently draws on and integrates knowledge of students, subject matter, and curriculum goals. In planning instruction, consistently draws on and integrates knowledge of students, subject matter, and curriculum goals. Demonstrates extensive knowledge of students, subject matter, and curriculum goals.</p>	<p>Highlight or underline all sources of evidence consulted and used in arriving at these ratings: Feedback from cooperating teacher Candidate's self-evaluation Clinical Faculty observation Candidate's lesson plans Candidate's unit plans Candidate's written reflections Conference with candidate Student work and assessment and documentation of student teaching Other: Please explain:</p>
2. Individualizes instruction based on the needs of diverse learners. (ED 610.02 a, d, e, f, g; INTASC 3, KNOWLEDGE)			
<p>Does not meet Target: Does not apply an understanding of how individual students learn the content. Pays no attention to individualizing instruction to address student differences, but provides same instruction and experiences for all students. Ignores students having difficulty learning or blames them for failing to understand. Does not provide learning experiences that challenge or engage individual learners.</p>	<p>Approaching Target: Applies a growing understanding of how individual students learn the content. Attempts to incorporate knowledge of individual students and adapts instruction to meet their needs. Persists in assisting students who are having difficulty learning. Seeks to provide challenging and engaging learning experiences for individual learners, but is inconsistent in doing so.</p>	<p>Target: Regularly applies an understanding of how individual students learn the content. Is sensitive and attentive to differences in students' learning and addresses these in individualized instruction. Persists in ensuring the success of all students, including those who are having difficulty learning. Consistently provides challenges and engaging learning experiences for all individuals.</p>	<p>Highlight or underline all sources of evidence consulted and used in arriving at these ratings: Feedback from cooperating teacher Candidate's self-evaluation Clinical Faculty observation Candidate's lesson plans Candidate's unit plans Candidate's written reflections Conference with candidate Student work and assessment and documentation of student teaching Other: Please explain:</p>

3. Uses a repertoire of effective teaching strategies appropriate to the learner(s), content, and learning goals. (ED 610.02 d, e, f; INTASC 4, KNOWLEDGE)			
Does not meet Target: Relies heavily on one or two teaching strategies, primarily direct instruction. Does not select teaching strategies that match the needs of the learner, the content, or the learning goals.	Approaching Target: Uses a variety of teaching strategies. Attempts to select teaching strategies that match the needs of the learner, the content, and the learning goals, but sometimes misses opportunities to do so or selects inappropriately.	Target: Regularly and effectively uses a variety of teaching strategies. Strategies are well-chosen to match the needs of the learners, the content, and the learning goals. 4. Promotes students' active engagement in learning. (ED 610.02 a, c, d, f; INTASC 2,5, HOLISM)			
Does not meet Target: Does not intellectually engage students in significant learning as a result of inappropriate activities, materials, or content delivery. Seldom involves students in discussion or questioning and is unable to draw upon student ideas to extend their thinking. Provides few opportunities for students to interact with materials or classmates. Makes few or no attempts to relate the content to students' lives and interests.	Approaching Target: Generally engages students in learning with appropriate activities, materials, and delivery of content. Involves students in discussion and questioning, with most students participating. Provides frequent opportunities for students to engage with materials and classmates. Frequently relates the content to students' lives and interests, but may miss opportunities to do this more regularly.	Target: Actively engages students in significant learning with meaningful activities, materials, and content. Use of questioning and discussion reflect true interaction with all students participating. Regularly provides opportunities for students to engage with materials and classmates. Meaningfully relates the content to students' lives and interests. 5. Uses a variety of assessment strategies to inform instruction. (ED 610.02 i; INTASC 8, KNOWLEDGE)			
<p>Does not meet Target: Does not assess student learning regularly or have an assessment plan. Uses only one type of assessment strategy (e.g., tests). Assessment is arbitrary and not connected to instruction and/or learning. Does not make expectations clear for students and students are not sure about how they will be assessed. Provides little or no written or verbal feedback to students, or feedback is perfunctory or not given in a timely manner. Feedback does not encourage student persistence.</p>	<p>Approaching Target: Prepares lessons and activities that include plans for assessing student learning. Uses a combination of informal and formal assessment strategies. Connects assessment to instruction and/or learning goals. Gives students a general awareness of how they will be assessed, but may need to provide additional explanation or clarification of expectations. Provides frequent and timely written and verbal feedback for students. Feedback is generally meaningful and encourages student learning.</p>	<p>Target: Routinely integrates assessment of student learning into lessons and throughout daily activities. Comfortably uses a variety of informal and formal assessment strategies, with an emphasis on authentic assessment. Designs and uses assessments to enhance his/her knowledge of students and inform instruction. Provides students with clear expectations and criteria for assessment. Consistently provides frequent, timely, and meaningful written and verbal feedback for students that fosters student learning.</p>	<p>Highlight or underline all sources of evidence consulted and used in arriving at these ratings: Feedback from cooperating teacher Candidate's self-evaluation Clinical Faculty observation Candidate's lesson plans Candidate's unit plans Candidate's written reflections Conference with candidate Student work and assessment and documentation of student teaching Other: Please explain:</p>

6. Uses technology effectively to support teaching and learning. (ED 610.02 m; INTASC 6, KNOWLEDGE)			
<p>Does not meet Target: Does not use any form of technology to support teaching and learning, or uses it in ways that are meaningless or ineffective.</p>	<p>Approaching Target: Uses technology effectively during teaching to present information and enhance and extend lessons. Uses technology, including Internet resources, to research and prepare lessons and learning experiences.</p>	<p>Target: Effectively enhances his or her own and the students' learning by using technology in appropriate and meaningful ways. Uses technology in ways that support authentic assessment. Uses technology to locate resources and enhance own understanding of content. Uses technology to manage professional data. Assists students in using technology effectively and appropriately.</p>	<p>Highlight or underline all sources of evidence consulted and used in arriving at these ratings: Feedback from cooperating teacher Candidate's self-evaluation Clinical Faculty observation Candidate's lesson plans Candidate's unit plans Candidate's written reflections Conference with candidate Student work and assessment and documentation of student teaching Other: Please explain:</p>

7. Uses instructional time effectively. (ED 610 .02– no direct match; INTASC 4, KNOWLEDGE)			
<p>Does not meet Target: Wastes instructional time with meaningless activities or repetitions of ineffective directions. Pacing is poor and not responsive to students. Provides excessive “down time” or social time. Ends class or lesson early or does not complete lesson.</p>	<p>Approaching Target: Generally uses instructional time effectively, though some time may be spent on clarifying directions or expectations. Pacing is suitable for students. Flow of learning is sometimes disrupted in order to accomplish routine tasks.</p>	<p>Target: Structures and paces instructional time effectively and in response to student needs... Demonstrates economy of time by accomplishing routine tasks in ways which do not disrupt the flow of learning. <p>3. MATHEMATICS: Candidate knows, understands, and uses the major concepts, procedures, and reasoning processes of mathematics that define number systems and number sense, geometry, measurement, statistics and probability, and algebra in order to foster student understanding and use of patterns, quantities, and spatial relationships that can represent phenomena, solve problems, and manage data.</p>			
<p>A. Candidate knows, understands, and uses the major concepts, procedures, and reasoning processes of mathematics to foster students' mathematical understanding and application. ED612.04 b2, 3, 4, 5, 6, 7. g1, 2, 3, 4, 5.</p>			
<p>Does not meet Target: Candidate does not articulate or demonstrate knowledge of the mathematical resources or methods to advance his/her own understanding and exploration within mathematical topics (i.e. number systems, number sense, geometry, measurement, statistics, probability, and algebra). Candidate is unaware of or disregards established mathematical processes used to solve common arithmetic or computational problems. Candidate makes little or no attempt to question, experiment, or formulate within mathematical topics. Candidate makes little or no attempt to create instructional opportunities regarding patterns, quantities, and spatial relationships for representing phenomena, solving problems, and managing data.</p>	<p>Approaching Target: Candidate articulates and demonstrates knowledge of mathematical resources and methods to advance his/her own understanding and exploration within mathematical topics (i.e. number systems, number sense, geometry, measurement, statistics, probability, and algebra). Candidate is aware of and uses established mathematical processes to solve common arithmetic or computational problems. Candidate accepts mathematical topics without experimenting and formulating responses to validate. Candidate creates instructional opportunities regarding patterns, quantities, and spatial relationships for representing phenomena, solving problems, and managing data. Candidate makes associations to state standards and grade level expectations within or across content areas.</p>	<p>Target: Candidate articulates and demonstrates knowledge of mathematical resources and methods to advance his/her own understanding and exploration within mathematical topics (i.e. number systems, number sense, geometry, measurement, statistics, probability, and algebra). Candidate is aware of, can use, and demonstrate established mathematical processes used to solve common arithmetic or computational problems. Candidate questions, experiments, or formulates within mathematical topics, reflecting upon his/her own understanding. Candidate fosters student understanding and use of patterns, quantities, and spatial relationships for representing phenomena, solving problems, and managing data. Candidate makes comprehensive associations to state standards and grade level expectations within and across content areas.</p>	<p>Highlight or underline all sources of evidence consulted and used in arriving at these ratings: Feedback from cooperating teacher Candidate's self-evaluation Clinical Faculty observation Candidate's lesson plans Candidate's unit plans Candidate's written reflections Conference with candidate Student work and assessment and documentation of student teaching Other: Please explain:</p>

<p>4. SOCIAL STUDIES Candidate knows, understands, and uses the major concepts and modes of inquiry from social studies – the integrated study of history, geography, and social sciences, and other related areas – to promote elementary students’ abilities to make informed decisions as citizens of a culturally diverse democratic society and interdependent world.</p>			
<p>A. Candidate demonstrates knowledge of social studies concepts, modes of inquiry and the integrated nature of social studies within and across content areas as identified in state and national standards. Ed612.04 b2, 3, 4, 5, 6, 7. h1, 2, 3, 4, 5, 6.</p>			
<p>Does not meet Target: Candidate does not articulate or demonstrate understanding of major social studies concepts and themes. Candidate cannot demonstrate knowledge of the themes and concepts of the social studies discipline. Candidate does not recognize students’ misconceptions nor connect concepts to students’ lives.</p>	<p>Approaching Target: Candidate articulates an understanding of major social studies concepts and themes. Candidate demonstrates knowledge of individual social studies themes and concepts without integration within and across. Candidate recognizes and clarifies students’ misconceptions through appropriate examples and by connecting concepts to students’ lives.</p>	<p>Target: Candidate articulates and demonstrates an understanding of major social studies concepts and themes and can provide students with examples to promote student learning. Candidate demonstrates knowledge within and across social studies themes and concepts. <p>B. Candidate applies appropriate strategies (maps, high order questioning, simulations, small group work) to teach social studies concepts and themes in meaningful ways, instruction promotes student engagement in ways that promotes responsible citizens for a culturally diverse democratic society and the global community, aligns instructional goals with standards. ED612.04 b2, 3, 4, 5, 6, 7. h1, 2, 3, 4, 5, 6.</p>			
<p>Does not meet Target: Candidate does not create instructional opportunities that engage students in the concepts and themes of social studies. Candidate does not create varying instructional opportunities, teaching social studies concepts only through direct instruction.</p>	<p>Approaching Target: Candidate creates few instructional opportunities that engage students in the concepts of social studies. Candidate creates instructional opportunities in which social studies concepts are integrated within or across content areas, and are connected to state standards, or grade level expectations. Candidate provides instruction that addresses many areas of social studies using varied instructional methods such as small group projects, individual project-based learning, discussion, debate, etc.</p>	<p>Target: Candidate creates many instructional opportunities that engage students in the concepts of social studies. Candidate creates instructional opportunities in which social studies concepts are integrated within and across content areas, state standards, and grade level expectations. Candidate activates students’ prior knowledge to help elaborate on or clarify social studies concepts. <p>5. THE ARTS: Candidate knows, understands, and uses—as appropriate to his/her own knowledge and skills—the content, functions, and achievements of the performing arts (dance, music, theater) and visual arts as primary media for communication, inquiry, and engagement among elementary students.</p>			
<p>A. Candidate knows and understands various forms of the Arts and can integrate the Arts into elementary instruction as a form of communication, expression and inquiry. ED612.04 b2, 3, 4, 5, 6, 7.</p>			
<p>Does not meet Target: Candidate does not articulate or demonstrate connections within the Arts, across multiple disciplines, and outside the Arts. Candidate makes little or no attempt to create instructional opportunities to use the Arts for communication, expression and inquiry. Candidate does not connect instruction to state standards and grade level expectations.</p>	<p>Approaching Target: Candidate articulates connections within the Arts, across multiple disciplines, and outside the Arts. Candidate articulates how the Arts can be used for communication, expression and inquiry. Candidate connects instructions to either state standards or grade level expectations but not both.</p>	<p>Target: Candidate articulates and demonstrates connections within the Arts, across multiple disciplines, and outside the Arts with consideration for state standards and grade level expectations. <p>6. HEALTH EDUCATION: Candidates know, understand, and use the major concepts in the subject matter of health education to create opportunities for student development and practice of skills that contribute to good health.</p>			
<p>A. Candidate knows and understands the subject matter of health education within the context of the elementary school curriculum. ED612.04 b2, 3, 4, 5, 6, 7.</p>			
<p>Does not meet Target: Candidate does not articulate or demonstrate knowledge of foundations of good health. Candidate makes little or no attempt to create opportunities for learning health concepts or skills. Candidate does not connect instruction to state standards or grade level expectations.</p>	<p>Approaching Target: Candidate articulates health concepts including body systems, nutrition, and healthy lifestyles. Candidate creates opportunities for learning health concepts or skills with association to the existing curriculum. Candidate connects instruction to either state standards or grade level expectations but not both.</p>	<p>Target: Candidate articulates and demonstrates knowledge of health concepts and common health problems, including root causes of such problems. 9. ADAPTATION TO DIVERSE STUDENTS: Candidate understands how elementary students differ in their development and approaches to learning, and creates instructional opportunities that are adapted to diverse students.			
A. Candidate creates instructional opportunities on basis of his/her understanding of how elementary students differ in their learning development and approaches. ED612.04 a1, 2, 3. b2, 3, 4, 5, 6, 7.			
Does not meet Target: Candidate does not articulate and demonstrate how development and learning are influenced by language, culture, family environment, talents, disabilities, prior learning and experiences. Candidate is unaware of or disregards how to seek assistance and guidance from specialists and other resources to address diverse learning needs.	Approaching Target: Candidate articulates how development and learning are influenced by language, culture, family environment, talents, disabilities, prior learning and experiences. Candidate is aware of how to seek assistance and guidance from specialists and other resources to address diverse learning needs.	Target: Candidate articulates how students' development and learning is influenced by language, culture, family environment, talents, disabilities, prior learning and/or experiences, and draws on that knowledge to inform instruction. Candidate actively seeks assistance and guidance from specialists and other resources to address diverse learning needs and incorporates this information into effective instruction.
