**Unless you specify other housing arrangements, we have reserved space in Mary Lyon Hall for the seventy-five students who will become the College of University Studies in the fall of 2007.** You'll begin your academic career with students who all have something in common – a serious attitude about academic success and a willingness to look actively for the "right" major. **The Residential Life Office bases room assignments on the date they receive your room deposit. The fall semester is often over-enrolled, so it's important that Residential Life receive your deposit on time.** Room assignments are "first come, first served."
