Describe how your organization would use the grant money for a community project. How does the proposed project center around your organization's goals? What are your goals?
The Plymouth State University <i>group/organization</i> would use utilize the grant funds for _____ project/event in _____ location. During this event the group/organization will be _____ (detailed outline from beginning to end of the event or project). This event will connect _____ people (current students and/or prospective students with _____ intended community). This project/event will aid in _____ (intended learning outcome/measurable outcome).
How does the project bring students and alumni together? How does the project enhance the community of PSU? The goal of the Alumni-Student Connections Grant is to bring students and alumni together primarily for community engagement. This goal is intended to be reached through purposeful and meaningful ways. Is this project meaningful in regards to your target audience?
In detail, outline the alumni to current student and/or prospective student connection being made through the duration of the project/event. This submission should include an impactful and meaningful connection between current students and/or prospective students and alumni, creating a detailed margin of outcomes and end-goals that influence both students and alumni.
Outline your project's budget below. Alternately you may upload your budget as a separate file.
The budget outline should include the budget for the entire event/project and where the
