### BinaxNOW Card Pickup Instructions & General Information

- The BinaxNOW tests come in a box about the size of an envelope. Inside of one box, there are two test kits.
- To pick up the tests:
  - Please come to the back side of Belknap.
  - Proceed past the basketball court and go to the glass entrance. A separate door to the right side of the main entrance reads: BinaxNowTests here.
  - Please call the phone number posted on the door (603-960-0306) if a staff member is not present. They will be there momentarily to assist you.
  - Please be patient as the staff member on duty may be at another end of the building assisting a student. It may take a moment for them to get there.

**You will need your PSU ID in order to pick up your test kits, and you may not pick up test kits for another person**
