

## You Must Download The Panther Pass for Spring 2022 January 11, 2022

As we begin the Spring Semester the Panther Pass will play an integral role in our COVID-19 mitigation plans for the semester.

All Plymouth State students will need use the Panther Pass to show that you are in compliance with our COVID-19 testing requirements. The Panther Pass will indicate that you are in compliance with our weekly PCR testing.

If you haven't downloaded the Panther Pass yet please do so before you arrive on Campus for spring classes. If you already have the Panther Pass on your device you don't need to take any action right now. Your pass will be updated when you test before classes begin.

You can find all the information you need at [plymouth.edu/coronavirus/panther-pass](https://plymouth.edu/coronavirus/panther-pass).

### **Please download and activate your Panther Pass now!**

The Panther Pass can be downloaded to your device here by going to the App Store or Google Play and downloading the "Plymouth State Link" mobile application. Once downloaded you will need to log-in using your PSU credentials. Then click on the Panther Pass icon in the upper left-hand corner of the application's icons.

Important things to know about the Panther Pass:

- If students are compliant, their Panther Pass will show a colorful symbol that fits the full screen of their mobile phone, computer screen, or other electronic device.
- If a student is not in compliance, they will receive a small text message instead of a full-screen symbol. That message lets them know what they need to do to become compliant.
- PSU faculty and staff may ask students to display their Panther Pass in order to attend classes, enter buildings or offices, or to attend indoor events on campus.

NOTE: If you don't have a smart phone you can access the Desktop Version of the Panther Pass through this URL <https://plymouth.edu/pantherpass> - you will need your PSU sign-in credentials to sign in and can print your daily pass.
