Introducing Dom Medaglia-Brown; Education Program Coord.

I'm originally from California, but my family moved to Rumney, NH when I was a toddler. Shortly after moving to NH, my father took a position at Plymouth State with Physical Plant. He would often take me to campus to watch different sporting events, and before I knew it, I had fallen in love with Plymouth State. When I was in high school, I couldn’t wait to graduate so that I could become a Plymouth State student and take advantage of all Plymouth State had to offer its undergraduates. In 2001, I was proud to graduate from Plymouth State earning degrees in both Athletic Training and Physical Education. In 2014, I also graduated with my Masters in Personal and Organization Wellness.

For the seven years prior to returning to Plymouth State, I primarily worked in the medical field and with at chance youth but always knew in the back of my mind that I would find my way home to Plymouth State again. For the past eight years, I have had an incredible experience as a Residence Director at Plymouth State. Starting July 1st, I was honored to join the TRIO team. I live in town with my husband Bill and son Little Dom. My family and I can often be spotted at many on campus events. Please feel free to stop in to say hi.
