TROUT LINE

Freshwater		
90 ft.	North Wood Green	4 wt
20 ft. Sink Tip		

The conventional wisdom in fly fishing is that there's no such thing as a "do it all" freshwater line. North River Fly Fishing Shop likes to prove that wrong. The Trout Line Series has the power to bomb out streamers, yet retains delicacy for dry flies. It mends like an absolute dream, and delivers flies at all distances. Built a half-size heavy, with a long head and substantial front taper, it's perfect for everything from trout and panfish to pike and steelhead. The Trout Line Series are, the highest-performance smooth fly lines in the world. With up to five times less drag and eight times the durability of traditional lines, this will change the way you look at fly line performance.

SALMON LINE

Freshwater		
100 ft.	Forest Moss	6 wt
15 ft.	Sink Tip	

The North River Fly Fishing Shop Salmon Fly Lines feature the new, revolutionary AST PLUS slickness additive. The Salmon Series will shoot farther and last longer than any other line on the market. It's slickness down to a science. North River Fly Fishing Shop Salmon Fly Lines are the best all-around fly line that we have ever made. This line will handle everything from tossing small dries to slinging huge streamers. Built a half-size heavy, the taper is designed with more mass toward the front of the head with an added emphasis on presentation.

If you're anything like us, the allure of big fish and big rivers is intoxicating. That's precisely why North River Fly Fishing Shop created the Northern Pike Line Series. Designed with line control in mind, its extended rear taper allows you to cast a mile, mend with authority, and turn over nearly any rig imaginable, from dredging double nymphs to larger dry-dropper concoctions. This series of lines are the highest-performance smooth fly lines in the world. With up to five times less drag and eight times the durability of traditional lines, this will change the way you look at fly line performance.
