

Rocky Companions!

Want a pet, but can't have one right now?
Make your own!

What You Need:

- A rock
- Paint or sharpies
- Fun materials - anything you have: google eyes, yarn, fabric, pipe cleaners, little rocks, sticks, moss
- Glue

How to Create Your Own Rocky Companion!

Step 1: Choose a rock. Your rock could be small or large. It is helpful for its "face" to be somewhat smooth, so that you can draw or paint on it. But a bumpy one could work, if you use glued on materials instead.

Step 2: Invent and create your Rocky Companion! Think about, then make your rock pal's face. Expressions could be:

You can use paint, or glue on googly eyes and a pipe cleaner for a mouth. Or you could use all natural materials - pieces of flowers, leaves, sticks to make the eyes, nose, mouth, ears.

Step 3: Take your Rocky Companion for a walk!
