Trick or Treat

Don't be tricked, know YOUR credit report!

If you've ever applied for a credit card, personal loan, or insurance, there's a file about you. This file is known as your credit report. It is chock full of information on where you live, how you pay your bills, and whether you've been sued or arrested, or have filed bankruptcy. Having a good credit report means it will be easier for you to get loans and lower interest rates. Lower interest rates usually translate into smaller monthly payments. You can access your FREE credit report online at annualcreditreport.com from the three major reporting agencies: Equifax, Experian, and TransUnion.

We're changing our name - but not our focus!

The Bursar's Office is now *Student Account Services*. We hope the new name will more clearly reflect our role in the University and make it easier for you, our customers, to search us out and get the information you need. Although the name is new, the personal service and dedication you've grown accustomed to are still here!
