

STALL STREET JOURNAL

Volume 5, Issue 8

Congratulations, Seniors!

Good luck to all Graduates!

Any questions about your financial aid or requirements, stop by our office! We would love to help you and steer you in the right direction!

How much have I borrowed "to date" to pay for my PSU education? Visit...

New and Returning Students

Do not forget to check your financial aid online via your myPlymouth. Any requirements that are requested by the PSU Financial Aid Team will be posted online.

Have questions or need help? Just ask!

Thinking about working on campus in the Fall Semester?

Research shows that students who work while attending the university generally have higher grades, graduate faster and more easily find jobs after graduation. It also helps students make connections that will get them through their first year in a more successful and positive manner.

Check out our webpage on student employment.

Reminder: Check your Online Bill

Review your bill online before you leave campus this semester to make sure you are paid in full for Spring 2012.

The Fall 2012 bill will be available online July 6th and due by August 3rd.

If you have any questions, please contact Student Account Services (603) 535-2215

Enjoy Your Summer

Saving Tips for Summer

Turn off the air conditioner-If it is going to be cool at night turn off the A/C and open some windows

Cook outside-Using a stove or oven inside can create a lot of excess heat, use the BBQ instead

Let your laundry dry outside-Hanging your laundry outside can save energy that the dryer would use, lowering your electric bill

Replace your air conditioner filters-A dirty filter can increase cooling cost and are relatively inexpensive saving you less on your electricity bill

Plan ahead for future home and garden projects-at the end of summer often summer products (outdoor gear, clothes...) can be on sale so plan ahead and save on your summer outfit for next year in the Fall 2012.
