

Mary Lyon

Mary Lyon/Blair

Blair and Mary Lyon traffic will take Exit 25 off 93 (Styles Bridges Highway). After approximately $\frac{1}{4}$ of a mile they will take the second exit in the roundabout onto High Street. They will move into the left lane on High Street and turn left onto the pathway that runs behind the HUB to the Blair/Mary Lyon Core. After unloading they will exit out the South end, onto Highland Street. (High street will be closed to east bound traffic at Langdon Street, and will be coned for two lane traffic.)
