

New Hampshire 2014 NACADA Drive In Workshop

Thursday, January 16, 2014 9AM-12PM

Plymouth State University - 2 Pillsbury Street Concord, New Hampshire 03301

This drive in workshop is designed for advisors who are not as familiar with developmental advising and the field of advising, or anyone who wants to learn about the history, theories, and have a chance to practice what we do.

The workshop will start by examining an overview of the history of higher education, how advising has been a part of it and what trends affect us today. Next, we will explore theories and theorists that are often cited in advising literature and conversation. We will end by practicing our new concepts with case studies and video sessions.

This is normally a very popular pre-conference session at region one conferences and recently had 70+ attendees at the annual conference in Salt Lake City. This is a great way to participate in some professional development without the full cost of a conference and meet other advisors from New Hampshire.

Space is very limited so register early! Registration deadline is January 8th! Registrations will be cut off once we reach our max. Total Cost of Workshop: \$15.00

Please send completed registration form and check to:

Plymouth State University
