

Plymouth State
UNIVERSITY

Fall 2016

Dear Colleagues:

TIGER is an Emmy Award winning professional educational theatre company that speaks to young people and adults alike. Entering its 14th season, TIGER is a wonderful tool to support and enhance the work of the school counselors and psychologists.

Funny and poignant, TIGER's performances are created from children's writings. TIGER gives voice to their experiences and helps them resolve difficult social issues. Linked to Common Core Standards, TIGER provides skills for students and teachers to use when dealing with bullying and other social concerns that negatively impact student development. As of today, TIGER has touched the lives of over 430,000 children and adolescents regionally, nationally and internationally.

TIGER recently premiered a powerful new performance, "Alex's Story" in partnership with Communities for Alcohol- and Drug-free Youth (CADY) and Drug-Free NH, the story of Alex Berry, a NH teen in recovery from heroin addiction. We hope to reach thousands of high school students this year with this powerful performance. If you work in elementary or middle schools, that many of you will refer this performance to your high school colleagues. We thank you, in advance, for your valuable assistance in getting the word out.

In addition to performances, TIGER also offers topical, prosocial skill-building workshops for parents, students and teachers. We know you will find TIGER an important part of your school's efforts to enhance the social and emotional development of your students!

Regards,

Gail Mears, Dean
Education, Health and Human Services

Gary Goodnough, Chair
Department of Counselor Education and School Psychology
