ON BEHALF OF THE PLYMOUTH STATE UNIVERSITY ALUMNI ASSOCIATION, CONGRATULATIONS ON YOUR ACHIEVEMENTS AND YOUR GRADUATION.

Plymouth State is a special place; a community where friendships are formed, memories are made, and experiences are shared. Your time as a college student flies by, and taking the next step in your journey can feel overwhelming. But remember to embrace what you've learned, lean into the friendships you've built, and know that you are never alone.

I graduated from Plymouth State College in 2000 and joined the Plymouth State University Alumni Association Board of Directors in 2018 as a way to give back to a place that has always meant so much to me. Plymouth State thrives because of the lifelong relationships built here and the dedicated individuals who continue to support a university that holds a special place in the hearts of many.

As a Plymouth State alum, you now have the opportunity to form new connections and build a community that stretches across states yet remains deeply connected by shared experiences. Your time at PSU will always be a meaningful part of your story. The memories you've made here will carry you through challenges and inspire you in the future.

We invite you to stay involved—whether by sharing your time, knowledge, or philanthropic support—to help future generations of Plymouth State students thrive.

Congratulations and good luck,
Michelle Monahan Harvell '00
Chair, PSU Alumni Association Board of Directors

A close-up, low-angle shot of a wooden mace. The mace has a rounded, fluted top and a circular plaque in the center. The plaque features the Plymouth State University crest, which is a shield divided into four quadrants. The top-left quadrant shows a building, the top-right shows a ship, the bottom-left shows a person, and the bottom-right shows a landscape. The shield is surrounded by the text "PLYMOUTH STATE UNIVERSITY" and the year "1871" at the bottom. The background is a blurred blue and white striped banner.

A TRADITION STEEPED IN HISTORY

The Academic Procession is a descendant of European religious processions, which began to include teaching faculties in the Middle Ages, when universities were closely associated with the medieval church.

The order used in today's procession has evolved through many years of practice at Plymouth State University. At the front of the line is the faculty marshal, who will carry the University mace, a symbol of authority and unity. The marshal will be followed in the procession by four flag bearers, the president of Plymouth State University, the provost, members of the University System Board of Trustees, honored guests, speakers, vice presidents, and senior class officers. This group is followed by the faculty, who march in order of rank. The faculty is followed by the degree candidates.

THE MACE

The tradition of the academic mace began in the late fourteenth century when two ancient instruments, the royal scepter and the battle mace, were combined to form a symbol of authority of the rector of a university. Today, the academic mace, along with the presidential medallion, signifies that the president of the university is the temporary embodiment of the power, authority, and autonomy vested in the institution.

The faculty marshal carries the academic mace at public events such as Commencement exercises and convocations as a symbol of the special stewardship authority and trust reposed in the faculty for the curriculum and academic affairs of the university. The PSU mace was designed and created by Professor Emeritus of Sculpture Philip Lonergan in 2004.

THE PRESIDENTIAL MEDALLION

The Presidential Medallion is the official insignia of the President's Office and is worn on ceremonial occasions. Created when Plymouth State became a university, the medallion embodies parts of the official seal of the University, showing pictorial representations of Rounds Hall, the Old Man of the Mountain, the lamp of enlightenment, and our connection to the outdoors.

ACADEMIC REGALIA

The caps, gowns, and hoods seen today have evolved from costumes worn during early religious processions to distinguish church and university members from the laity. In present times, the attire serves to indicate, by style and adornment, the chief academic degree attained, the major field of study, and the college or university attended by the wearer.

THE GOWN

The modern academic costume worn in the United States is based on an intercollegiate code established in 1895. Most gowns are black, but more American colleges and universities now permit the wearing of college colors. The associate's gown and the bachelor's gown are the same. They have long, pointed sleeves, and are untrimmed and worn closed. The master's gown, worn either open or closed, has long, crescent-shaped sleeves. The doctoral gown has black velvet panels down the front, and velvet bars on bell-shaped sleeves.

THE CAP

The customary head covering is either the mortarboard or the Oxford cap. The tassel on the mortarboard cap may be black or of a color indicating the degree. The doctor's tassel is usually gold in color. The tassel is worn over the left front quarter of the mortarboard once the degree has been awarded.

THE HOOD

The hood, which drapes over the back of the gown, carries the greatest symbolism of all the components of the academic costume, and dates back to the twelfth century when it was intended as a head cover or shoulder cape. Its length and width denote the wearer's highest academic achievement. The color of the velvet trim reveals the wearer's major field of study. Linings, which are exposed in the center of the hood as it lies over the back of the gown, indicate the colors of the degree-granting institution.

THE COLORS

In regalia, academic disciplines are noted by color. These colors can be found on undergraduate and master's tassels and on master's and doctoral hoods on the velvet edging.

Field of Study	Velvet Trim Colors
Agriculture	Maize
Arts, Letters, Humanities	White
Business Administration	Drab (Tan)
Economics	Copper
Education	Light Blue
Fine Arts	Brown
Forestry	Russet
Journalism	Crimson
Law	Purple
Library Science	Lemon
Music	Pink
Nursing	Apricot
Philosophy	Blue
Physical Education	Sage Green
Physical Therapy	Teal
Public Administration	Peacock Blue
Public Health	Salmon
Science	Golden Yellow
Social Work	Citron

THE CORD AND STOLE

Cords, medallions, or colored tassels may be worn by some members of academic honor societies to signify their achievements. The standards for this distinction are set by each honor society. The cords are worn around the neck and drape down the front of the gown.

Veterans, active duty personnel, and ROTC students may wear a red, white, and blue cord to acknowledge their service to our country.

Members of several student organizations, University programs, and student athletes may also wear a stole in recognition of that involvement. The stole may be adorned with the emblem(s) of the organization(s) in which the student has participated.

PSU's international students may choose to wear a stole or lapel pin displaying the flag of their home countries. This year features graduate and undergraduate students from Cambodia, Canada, Czech Republic, Finland, Germany, Netherlands, Norway, and Sweden.

THE HONORS TASSEL

Green and white tassels distinguish honors baccalaureate graduates. **Summa cum laude** is granted to a graduate with a GPA of 3.75–4.0. **Magna cum laude** is granted to a graduate with a GPA of 3.50–3.74. **Cum laude** is granted to a graduate with a GPA of 3.25–3.49.

COMMENCEMENT SPEAKER

Christopher J. Gloninger '06

Chris's fascination with meteorology ignited when Hurricane Bob struck his hometown of Sag Harbor, NY. He then embarked on a meteorological journey with internships at NOAA in Upton, NY, and WABC in New York City. Chris earned a BS in Meteorology & Atmospheric Science from Plymouth State University and received his Certified Broadcast Meteorologist (CBM) accreditation from the American Meteorological Society. During his time in the Boston news market, Chris earned his MS in Emergency Management from Millersville University in Pennsylvania. He most recently earned his Certified Consulting Meteorologist (CCM) accreditation from the American Meteorological Society.

Chris's 18 years as a broadcast meteorologist took him to stations in Rochester and Albany, New York; Saginaw, Michigan; Milwaukee, Wisconsin; Boston, Massachusetts; and Des Moines, Iowa. Throughout his career, Chris has covered various weather phenomena across different locations, including hurricanes, tornadoes, floods, ice floes, blizzards, and Nor'easters. He reported on hurricanes nationwide, covered two Super Bowls, and initiated the country's first weekly series on climate change. With the help of respected industry experts, community advocates, and politicians, the series explained the science of climate mitigation and adaptation, provided examples of how climate change is affecting people at the local level, and showcased some of the advancements being made in clean and renewable energy. Chris has earned three EMMYs, two NBC Gem awards, and two Wisconsin Broadcasters Association awards in recognition of his various news coverage throughout his career.

Deciding it was time for a change, Chris began consulting in climate mitigation and resilience for Arcadis. In 2023, Chris returned to Massachusetts and currently serves as a senior scientist in Climate and Risk Communication at Woods Hole Group in Bourne, where he continues to contribute his expertise to the field of meteorology and climate science.

REPRESENTATIVE OF THE 50TH REUNION CLASS OF 1975

Gordon B. MacEwan '75

Gordon "Gordie" MacEwan, a proud member of Plymouth State College's class of 1975, has lived a life of dedicated service and unwavering school spirit. While his student years focused on his education major with a math concentration, his postgraduate involvement with Plymouth State truly blossomed. He became an enthusiastic alumnus, actively contributing to the Plymouth State College Alumni Association (PSCAA) and serving multiple terms on the President's Council. Gordie was also a driving force in establishing the Boston Alumni Chapter and was deservedly honored with the prestigious Silas H. Pearl medallion for his distinguished lifetime service to his alma mater.

Gordie's career journey began in education, where he inspired young minds as a middle school teacher at Whitefield and Profile Regional Schools. He later transitioned into the private sector, dedicating his talents to two nonprofit organizations as a continuing education administrator until his well-earned retirement.

Gordie's pride in Plymouth State University shines brightly. He marvels at the University's remarkable growth, from its expanded academic buildings to its diverse range of bachelor's and master's degree programs. He credits his Plymouth State education for providing a solid foundation for his successful career and expresses his gratitude by generously giving back to the institution that shaped his future.
