

NH ED Subject Area Test Requirements

For NH Licensure, The Ed 500 Administrative Rule (currently Ed 505.01/Ed 514.01 formerly) requires each candidate to pass a subject area content knowledge test when seeking teacher licensure in any one of the major areas of concentration in which the NH State Board of Education has established a passing score. In 2024, the NH DOE adopted tests administered by Pearson National Evaluation Series for teacher candidates to meet the basic skills and subject-area requirements. At this time, both the ETS Praxis assessments and the Pearson National Evaluation Series assessments are accepted for licensure in NH. As of July 1, 2025, some licensure areas that did not previously require assessments will do so. Please see the table below as well as the [NH DOE testing requirements page](#) for further information.

These tests are not required for graduation or for recommendation for licensure. However, it is strongly recommended that teacher candidates complete the tests required for licensure in their area as soon as possible (after coursework is completed), preferably before the internship begins, while coursework is still fresh and to make licensure as efficient as possible after graduation.

The following information came directly from the NH DOE website regarding subject area tests. (Credentialing HD Knowledge Base/Basic Academic Skills Assessment (BASA) and Subject Area Testing Information. 5.1.2025)

Praxis Testing: <https://praxis.ets.org/state-requirements/newhampshire-tests.html> Visit the link above for information regarding Praxis Core, a list of endorsements that require Praxis Subject tests, testing accommodations, test preparation, obtaining previous score reports, test center locations/dates and registration. You can also submit out of state/national testing reports for evaluation as a comparable test.

Pearson's Foundations of Reading Test: <http://www.nh.nesinc.com/> Effective 7/1/2014 Foundations of Reading is required for Early Childhood Education, Elementary Education (K-6/K-8), Reading and Writing Teacher, Reading and Writing Specialist endorsements. You can also submit out of state/national testing reports for evaluation as a comparable test.

Elementary Education K-8 requires (in addition to the requirements for Elementary Education K-6) a 15 credit concentration on your transcript in one of the following areas: English, Math, Science, or Social Studies. You must also submit passing scores on the corresponding Middle School content test. <https://praxis.ets.org/state-requirements/newhampshire-tests.html> You can also submit out of state/national testing reports for evaluation as a comparable test.

For students enrolling in a NH state approved educator preparation program and interested in having an out of state/national subject test evaluated for comparability: [Test Evaluation Request](#)

Required Subject Area Assessments for NH Licensure following Educator Preparation Programs at Plymouth State University

Licensure Area	ETS Praxis Tests	Passing Score	Pearson National Evaluation Series Tests	Passing Score
