Reservation fees will be added to those who do not book during housing selection and will be adjusted accordingly when assignments are finalized.

Housing Selection 2022–23

- **Application Due Date:** Housing applications must be complete by noon on the Monday before each selection phase to receive a selection time. Housing applications are available March 15 and students are encouraged to start selecting roommates in preparation for the selection phases.
- **Selection Time Criteria:** Housing selection times are determined by random lottery within credit groups as outlined by the registrar (90+=Senior+, 60-89.99= Juniors, 30-59.99= Sophomores, 0-29.99= First years). For accepted groups of 2-4, the average of the group's credits will be used to determine the random selection time for the entire group.
- **Selection Times—How & When:** Selection times will be sent via PSU email by 10:00a.m. on the Tuesday before each selection phase. Students/groups will have online access to select housing beginning at their appointed day and time through the end of the phase.
- **Group Bookings:** The student who created the group becomes the group leader. The group leader must book for all in the group online at the group's appointed time. If the group leader is not available at the group's selection time, the group leader will submit a proxy. IMPORTANT NOTE: If a group member leaves the group after booking a suite or an apartment, all in the group may be reassigned.
- **Partial groups/individuals:** Partial groups are a group of 2 or more students who cannot fill a desired room/apt (ex. 2 students seeking a 3-person apt.). Partial groups and individual students (ex. students with no roommate preference) will submit a proxy for the 2s & 3s phase. Individuals and partial groups will be assigned based on the availability of preferences as indicated on the proxy form.
- **Roommates:** It is recommended that students who are not seeking a private space or were unable to book a room during single selection, accept enough roommates to fill a room/apt/suite. Students who cannot fill a room/apt/suite will be assigned based on availability and not by profile.
- **Proxies:** Proxies are online forms used by Reslife for individuals or groups who cannot book online during their selection time. Links to the proxy forms can be found on the ResLife web page. Each selection phase has its own proxy form which will become available after selection times are sent. Proxies must be submitted before midnight on that same day (the Tuesday selection times are sent). Reslife will then assign Individuals/groups based on the availability of their preferences as indicated on the proxy form.
- **Zoom Sessions:** Open/drop-in Zoom sessions will be available for the first 2 phases only. Group leaders will be placed in a waiting room and invited into a private zoom meeting at their designated selection time to work with the Housing Coordinator in selecting a space.
- **One and Done:** Once a space is selected/booked, the selection process is complete! Each student is encouraged to check the status page of the application to confirm they are assigned as intended.
- **Meal Plan:** Once a space is selected/booked, each student must return to their application to choose an eligible meal plan to complete the selection process. Those required to be on a meal plan who do not select one will be placed on the default meal plan.
- **Reservation Fee:** All students required to live on campus are expected to participate in the selection process. Those that do not will have a reservation fee, equivalent to a double room charge, added to their student account.
- **Commitment:** Students not required to live on campus will be bound by the lease once a space has been selected. On-campus housing is not a backup; do not select a space unless you plan to live on campus. The live-on policy is outlined on the Residential Life web page under Frequently Asked Questions.
- **Nontraditional/Grad students:** If you are over 25 years of age or a graduate student, and interested in living on campus, please contact the Office of Residential Life for more information.
- **No space:** Due to the finite number of spaces, some groups/individuals may not be assigned at the end of the selection process. This is expected. For those booking online, they may not see any housing options when they log in at their appointed time. Rest assured—we will have space for all by the time the fall semester begins. Through consolidation efforts and inevitable withdrawals/releases, spaces will open up and you/your group will be assigned. Please add your names to the pre-fall waitlist.
- **Waitlist:** The pre-fall waitlist will be available via a link under Forms & Policies after the selection process is complete on the Residential Life web page, for students who did not book or were unable to book a preferred space during the selection process.
