Basics

Degree Works is an online check sheet for students and their advisors to review and monitor progress toward degree completion. It organizes academic coursework into blocks of requirements to help you easily identify courses you still need in order to complete your degree.

Notice the bar of tabs at the top of every page in Degree Works. Please refer to the "FAQ" or "Help" tabs for assistance with scenarios not covered in this guide.

RELEASE: 8.5.1

A Degree Works audit is an online version of a check sheet. It provides a review of past, current, and planned coursework as well as information about completed and outstanding requirements.

Audits are organized by blocks. The blocks show what requirements are needed for a specific degree, major, option, or minor, as well as General Education and the foreign language requirement for the BA degree. You can see what you need to do in order to fulfill the requirements within each block.

Audits: The Basic

Complete-This symbol will appear beside all requirements that have been completed within the audit. The row will be highlighted light yellow and will display the course(s) that fulfilled the requirements along with the grade and semester in which the course was taken or transfered in.

Not Complete-This symbol will appear beside all requirements that have not yet been completed. The row will be highlighted light pink and will display the course or courses that can be used to complete the requirement.

Complete except for classes in-progress-This symbol will appear beside courses currently in progress and any blocks which will be completed after a course in progress is fulfilled. The row will be highlighted light blue and an "IP" will be displayed in the grade section.

Nearly Complete- see advisor- This symbol indicates that there is an issue of some sort. There are a few instances in particular that get flagged by a double tilde: If all of the requirements in a block have been completed but a minimum GPA has not been met, if all of the requirements in a block have been completed but a minimum number of hours has not been met. If you see a double tilde in your audit, please see your advisor.

Any course number-The "@" symbol in DegreeWorks works as a wildcard. It may be used after a subject code (ex. BIOL @) to mean any course in that subject, by itself (ex. @ @) to mean any course, or with a number (ex. @ 3@ or 4@) to mean any course in the 3000 or 4000 level.

Prerequisite Required- An asterix at the end of a course number indicates that there is a prerequisite for that course. When you click on the link for that course, the prerequisite is listed following the course description.

Transfer Class- A "TR" next to a course indicates that it was transfered into PSU from another institution.

In Progress- An "IP" next to a course indicates that you are currently enrolled in the course, either presently or for a future term.

The "What If" feature is currently used for two purposes: To hypothesize a change in major, or a declaration of a major and/or option. If you want to see how far along in your academic career you would be if you changed your major:

1. Select the "What If" function on the left side of the audit screen under the "Worksheets" tab

2. Use the drop down menus to select the catalog, degree, major and option you'd like to change to.

3. Then select the Process What If button.

*This will remove the requirement Blocks for your current major and apply the requirement blocks to the major you're considering. This is not a permanent swap. Once you go back to your Worksheet, the requirement blocks for your registered major will show up in your audit. If you would like to change your major, please see your advisor.

What If

If your Minor or option does not appear in your audit, you can use the "What If" function to manually apply the requirement blocks to your audit. When using the "What If" to track progress toward a Minor or option, be sure to select the:

-Degree you are pursuing

-Academic year

-Major

-Minor and/or Option

Then select the Process What If button. This will apply a Minor or Option block to your audit. If you would like to declare your minor and/or option please see your academic advisor.

**If you do not select a Degree, Academic year and/or Major the resulting audit will not be accurate.
